What if you had the chance to help reduce sexual offending? **You do.**

What if you had the chance to help a sex offender to not reoffend? **You do.**

What if you could do both at the same time? **You can!**

Communities of Concern is a way for people of faith to make a real difference in the area of sexual assault and community safety, while promoting redemption and reconciliation.

Our mission is to train, nurture and mentor small groups of caring persons in which former sex offenders who have successfully participated in treatment are supported in their efforts to return to the community and lead productive, offense-free lives.
